

T. K. MADHAVA MEMORIAL COLLEGE, NANGIARKULANGARA
Career Guidance and Placement Cell

Annual Activity Report 2018-19

- Convenor : **Dr. Sarsha** (Department of English)
- Members : Dr. Vinod Haridas (Department of Botany)
- Dr. M Preeth (Department of Statistics)
- Dr. Arun S Prasad (Department of Physics)
- Dr. Tintu R (Department of Physics)

Career Guidance and Counselling Cell

Under the General Development Assistance by the UGC during the XI Plan, the Career Guidance and Counselling Cell was established at TK Madhava Memorial College, Nangiarkulangara to help and nurture the students with respect to career and personal development needs.

As indicated by the UGC, Career and Counselling cell helps the students with appropriate guidance to establish linkages with the world of work and locate career opportunities vis-à-vis the realities and job profiles in the context of highly competitive emerging occupational patterns. The gaps in perception about the market demands and individual expectations could be bridged through psychological and confidence building measures. Vocational guidance and campus based interviews have become a common practice. These could be taken care of through the active liaison of the Career and Counselling Cell with the recruiting agencies and HR personnel of reputed firms. The active participation of institutional experts from these gives greater on site experience in search of suitable candidates. In this exercise, the alumni of the College, for positive help, are also

involved. They also undertake an affordable training programme to acquaint the students with the high demand market areas and invoke industry-institution linkages.

Objectives

Along with the academic and administrative processes of the College, Career and Counselling Cell is a dispensation of well-informed and interested teachers. It supports the students in the development of soft skills and communication ability to challenge the rigors of competitive tests and on-job-training in add-on or vocational courses. As a purveyor of healthy inter and intra personal relations, it inculcates social values and ability to think independently for carrying out social responsibilities.

Functions of Career Guidance and Counselling Cell

- a) To gather information on job avenues and placements in different institutions and concerns related to the courses that the College offers.
- b) To analyze information in the local, regional and national contexts to explore its relevance and utility for the students in their placements and on job-training.
- c) To organize seminars and guidance workshops for informing students about the emerging professional trends and events, job profiles, leadership roles, entrepreneurship, market needs and risks and implementation of national socio-economic policies and to impart training in soft skills.
- d) To promote discipline, healthy outlook and positive attitudes towards national integration and removal of narrow provincial preferences and prejudices.

ACTIVITIES CARRIED OUT

Career Guidance Programme – 12 Oct 2018

Venue: College Auditorium

Identifying employment opportunities and providing placements suited to the profile of candidates is the need of the hour. Concerted and systematic efforts are required to make the youth employable and to place them in private sector as well as in public sector by making them competent to avail the employment opportunities. With this objective, the College Career Guidance and Counselling Centre along with Kerala Academy for Skills Excellence (KASE), a

venture of Kerala Government, which is the Skill Development Mission of the State of Kerala, has organized a career guidance programme in the College Auditorium.

The process of the Employability centre started from the registration. When the registration was completed, they had conducted an assessment test to the candidates. This had conducted through well developed software to assess their IQ level, skill set, reasoning ability, language skill, communication skill and over all personality. When the assessment was over, the score sheet of the candidate had disclosed to the candidate. Based on the scoring sheet, the candidates had referred for basic/ high end training programme. For high-end course, the candidate had referred to VTPs (Vocational Training Providers), ITIs or other institutions based on the skills required.

More than hundred students had attended the initial session of the programme and among them twenty-five students has registered for the further training sessions and for the coming job fairs organized by the Employability Centre inside and outside their campus.

Overall, it was a very successful programme with a lot of positive response and feedback from the students.

Career guidance class and initial training sessions given to the students by the trainers of Employability Centre. Total 343 students participated in the class.
